The screenshot shows the OneNote Online interface. At the top, there's a navigation bar with 'FILE', 'HOME', 'INSERT', 'VIEW', and 'PRINT'. Below that, the main content area shows a notebook page titled 'Team Event' with a date 'Monday, January 1, 2017' and time '12:41 PM'. A Microsoft Forms survey is embedded in the page, titled 'Team Event' and asking questions like 'Where should we go?' and 'What day of the week should we go?'. On the right side, there's a 'Forms for OneNote' sidebar with a list of forms: 'Team Event' (1/2/2017), 'Weekly Quiz' (2/1/2017), and 'Monthly Survey' (3/2/2017). A red line connects the 'Team Event' form in the sidebar to the embedded form in the notebook page.
